

# REGISTRO EN GIT HUB

- 1- IR A <https://github.com/>
- 2- Ingresar un nombre valido, contraseña, email y presionar botón verde.

The screenshot shows the GitHub homepage with a dark background. On the left, the text "Built for developers" is prominent, followed by a description of GitHub as a development platform. On the right, there is a white sign-up form with fields for Username, Email, and Password. A green button labeled "Sign up for GitHub" is at the bottom of the form. Above the form, there is a search bar and links for "Sign in" and "Sign up".

- 3- Pinchar en Verificar, seguir instrucciones y dar click en botón azul "Join a free plan".

## Create your account

### Verify your account

The screenshot shows a verification step with a light gray background. The text "Por favor, resuelve este puzle para que sepamos que eres una persona real" is centered. Below the text is a red rectangular box containing a button labeled "Verificar". A speaker icon is located in the bottom right corner of the box.

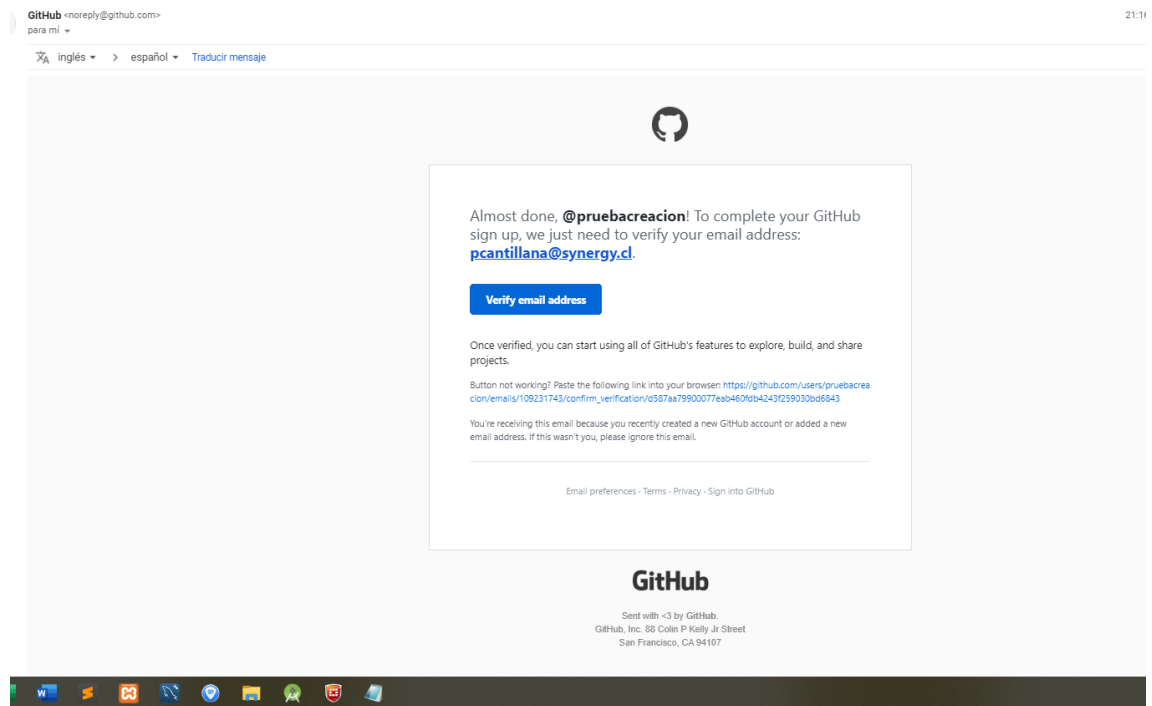

### Email preferences

- ☐ Send me occasional product updates, announcements, and offers.

#### 4- Verificar cuenta en email ingresado, dar click en botón azul:

[GitHub] Please verify your email address. [Recibidos x](#)

#### 5- Ingresar a cuenta:

## 6- Listo, Cuenta creada y validada:

### What do you want to do first?

Every developer needs to configure their environment, so let's get your GitHub experience optimized for you.

**Start a new project**  
Start a new repository or bring over an existing repository to keep contributing to it.

Create a repository

**Collaborate with your team**  
Improve the way your team works together and get access to more features with an organization.

Create an organization

**Learn how to use GitHub**  
Get started with an "Introduction to GitHub" course in our Learning Lab.
